

## **STOP the MALADINA AMENDMENTS**

***Did you know the Ombudsman Commission is under attack?***

The Hon. Moses Maladina wants to amend the Leadership Code and Constitution to weaken the Ombudsman Commission and make leaders less accountable.

***The Maladina Amendments must be STOPPED because:***

1. They will take away the Ombudsman Commission's ability to stop politicians and public service chiefs from wasting public money. *This means that even more money that should be spent on services for the people will be stolen!*
2. They will make it harder for the Ombudsman Commission to investigate MPs and public service chiefs who are suspected of misconduct. *This means that leaders who have abused office will get away with it more often - where is the justice?*
3. They will make it easier for MPs to trade on the stock market overseas. *But why should MPs be interested in share trading when they should be representing their people's interests?*
4. They will set up **two laws in PNG** - one for so-called leaders, another for ordinary citizens. *This is unfair and goes against the democratic principles of the constitution.*

**If you oppose these amendments then help the Community Coalition Against Corruption by signing the petition!**
